

INDEPENDENT AUDITOR'S REPORT

To the Members of Alberta Law Reform Institute

Report on the Financial Statements

We have audited the accompanying financial statements of Alberta Law Reform Institute, which comprise the statement of financial position as at March 31, 2014 and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Alberta Law Reform Institute as at March 31, 2014 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

ALBERTA LAW REFORM INSTITUTE

Notes to Financial Statements

Year Ended March 31, 2014

1. PURPOSE OF ORGANIZATION

The Alberta Law Reform Institute (the "Institute") was established in 1968 by the Attorney General of Alberta, the Governors of the University of Alberta and the Law Society of Alberta.

The objectives of the Institute are:

- (a) the consideration of matters of law reform with a view to proposing to the appropriate authority the means by which laws of Alberta may be made more useful and effective; and
- (b) the preparation of proposals for law reform in Alberta, with respect to both the substantive law and the administration of justice.

As a not-for-profit organization, the Institute is not subject to taxation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

These financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations.

Cash

Cash includes cash held in trust for the Institute by the University of Alberta. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash (see Note 4).

Financial instruments

Measurement

The Institute initially measures its financial assets and liabilities at fair value, except for certain non-arm's length transactions. The entity subsequently measures all its financial assets and financial liabilities at amortized cost, except for investments in equity instruments that are quoted in an active market, which are measured at fair value. Changes in fair value are recognized in net income.

Financial assets measured at amortized cost include cash and restricted cash. Financial assets measured at fair value include investments held for special reserve fund. Financial liabilities measured at amortized cost include the accounts payable and accrued liabilities and grant funding repayable.

Impairment

Financial assets measured at cost are tested for impairment when there are indicators of impairment. The amount of the write-down is recognized in net income. The previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in net income.

Transaction costs

The Institute recognizes its transaction costs in net income in the period incurred. However, financial instruments that will not be subsequently measured at fair value are adjusted by the transaction costs that are directly attributable to their origination, issuance or assumption.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

Equipment

Equipment is stated at cost less accumulated amortization. Equipment is amortized over their estimated useful lives at the following rates and methods:

Computer equipment	30%	declining balance method
Office furniture and equipment	20%	declining balance method

Collections

The Institute maintains a library of research material and publications. Collections are expensed on acquisition.

Revenue recognition

The Institute follows the deferral method of accounting for contributions.

Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Endowment contributions are recognized as direct increases in net assets.

Restricted investment income is recognized as revenue in the year in which the related expenses are incurred. Unrestricted investment income is recognized as revenue when earned.

Contributed services

Volunteers contribute a significant amount of their time each year. Because of the difficulty in determining their fair value, contributed services are not recognized in the financial statements.

3. FINANCIAL INSTRUMENTS

The entity is exposed to various risks through its financial instruments. The following analysis provides information about the entity's risk exposure and concentration as at March 31, 2014.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Institute is exposed to this risk mainly in respect of its receipt of funds from its grant providers and from obligations associated with its accounts payable and accrued liabilities.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency rate risk, interest rate risk and other price risk. The Institute is mainly exposed to interest rate risk and other price risk.

The Institute's investments in publicly-traded securities and corporate bonds exposes the Institute to price risks as these investments are subject to price changes in an open market due to a variety of reasons including changes in market rates of interest, general economic indicators and restrictions of credit markets. The Institute does not use derivative financial instruments to alter the effects of this risk and mitigates this risk by ensuring no individual investment is significant to the overall financial position of the Institute.

11. RELATED PARTY TRANSACTIONS

During the year, some members of the board of the Institute were paid \$9,300 in honoraria. Contract and salary payments for advisory and management services were also paid to a member of management who is also a board member in the amount of \$236,200.

These transactions are in the normal course of operations and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

The University of Alberta provides office facilities and services at a cost of \$1 to the Institute.
